

## Norton Sound-Port Clarence Area Subsistence Fishing

**T**he Norton Sound-Port Clarence Area includes all waters of Alaska between the latitude of the westernmost tip of Cape Prince of Wales and the latitude of Point Romanof. This includes those waters of Alaska surrounding St. Lawrence Island and those waters draining into the Bering Sea. These regulations apply on waters within or adjacent to the Unalakleet Wild & Scenic River, the Yukon Delta National Wildlife Refuge, and Bering Land Bridge National Preserve. General domain lands managed by the Bureau of Land Management are open to fishing only on non-navigable waters. [See map 2 on previous page.]

<b>Other portions of the remainder of Norton Sound-Port Clarence Area—</b> • Residents of the Norton Sound-Port Clarence Area	No limit	Year round
<b>All other fish</b>		
• Residents of the Norton Sound-Port Clarence Area	No limit	Year round

## Special Provisions

- You may take fish for subsistence purposes on Federal public lands without a subsistence fishing permit. Permits are only required on State lands.

## Regulations

- You may take salmon only by gillnets, beach seines, fish wheel, or rod and reel. You may take fish other than salmon only by gillnet, beach seine, fish wheel, pot, long line, fyke net, jigging gear, spear, lead, or a rod and reel.
- In the Unalakleet River, from June 1–July 15, you may not operate gillnets of more than 25 fathoms total length nor operate an unanchored gillnet.
